SENTHIL KUMAR P M

Aspiring Full-Stack Web Developer

senthilkumarpmsc2024@grt.edu.in | 9342813534 | github.com/Senthilkumarpmcse2024

PROFESSIONAL SUMMARY

Computer Science Engineering student with a strong foundation in Full-Stack Web Development, data analysis, data visualization, and business reporting. Hands-on exposure through a 3-month Full Stack Web Development internship and professional training. Demonstrates a practical problem-solving approach by understanding requirements, identifying challenges, and developing structured solutions. Familiar with task-based development, version control, professional work practices, and collaborative learning. Seeking an opportunity to apply technical fundamentals to real-world projects while continuously developing as a software professional.

TECHNICAL SKILLS

Web Development	Full-Stack Web Development, Front-End Development, Back-End Development
Data & Reporting	Data Analysis, Data Visualization, Business Reporting
Development Tools	GitHub, Version Control, Project Hosting
Problem Solving	Requirement Understanding, Logical Thinking, Analytical Thinking, Debugging Approach
Professional Skills	Communication, Adaptability, Quick Learning, Team Collaboration, Professionalism

EXPERIENCE

Full Stack Web Development Intern **Jun 2026 – Sep 2026**
Next Gen Edu Tantr | Online

- Worked through a structured Full Stack Web Development internship focused on practical, task-based learning and professional development practices.
- Applied a problem-solving approach by understanding requirements, identifying challenges, and working toward structured and practical solutions.
- Strengthened technical and analytical skills through assignments, assessments, and hands-on development activities.
- Developed an understanding of professional development practices including task execution, feedback, improvement, and continuous learning.
- Used GitHub for maintaining and showcasing technical work while gaining exposure to version-control-based project practices.
- Improved communication and collaboration skills through instructor-guided tasks and technical discussions.

EDUCATION

B.E. Computer Science Engineering **2024 – 2028**
GRT Institute of Engineering and Technology

Higher Secondary School | State Board 463 / 600

CORE STRENGTHS

Problem Solving
Understands requirements, identifies challenges, and works toward practical solutions.

Adaptability
Quick to learn new concepts and adapt to changing requirements.

Communication
Communicates technical and task-related information clearly.

Analytical Thinking
Breaks complex tasks into manageable steps for clear execution.

Continuous Learning
Focused on strengthening technical fundamentals through practical learning.

Professional Approach
Maintains a structured and responsible approach toward assigned work.

CERTIFICATIONS & TRAINING

- **Full Stack Web Development Internship** — 3 Months, Online, Next Gen Edu Tantr.
- **Full Stack Web Development Professional Course** — Next Gen Edu Tantr.
